## **DETAILED ACTION**

### ***Claim Objections***

1. Claims 8-10 and 33 are objected to under 37 CFR 1.75(c) as being in improper form because a multiple dependent claim cannot depend from any other multiple dependent claim. See MPEP § 608.01(n). Accordingly, the claims 8-10 and 33 have not been further treated on the merits.

### ***Claim Rejections - 35 USC § 112***

2. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter, which the applicant regards as his invention.

3. Claims 3, 14, 20 and 21 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

4. Claims 3, 14 and 21 contain improper Markush language. Proper Markush language is "selected from the group consisting of", provided the last conjunction is "and". Always. Without exception. Claim 20 is a hybrid claim, claiming both a composition and a process. There can be only one invention in one claim. Furthermore, claim 9 is also a hybrid claim and claims 9, 10 and 33 also contain improper Markush language.

### ***Double Patenting***

5. The provisional double patenting rejection over copending application 10/714,296 is maintained. Applicant's submission of a Terminal Disclaimer is acknowledged,

however since it has been signed by an attorney who is not of record, it cannot be approved. Accordingly, claims 1-4, 6-10, 12-16, 18-21 and 25-33 are rejected.

***Conclusion***

6. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the date of this final action.
